

## TABLE OF CONTENTS

	<u>Page</u>
TITLE PAGE .....	i
TABLE OF CONTENTS .....	ii
LIST OF FIGURES .....	iv
LIST OF TABLES .....	vi
LIST OF ABBREVIATIONS .....	x
<hr/>	
PART A: EXECUTIVE SUMMARY .....	1
Heavy Metals in Organic-rich Muds of the Albemarle Sound Estuarine System .....	3
Conclusions .....	8
<hr/>	
PART B: INTRODUCTION .....	13
Drainage Basins for the Albemarle Sound Estuarine System .....	15
Morphological Setting .....	15
Albemarle Sound Estuarine System .....	18
Geologic Framework of the Roanoke River Basin .....	20
Water Quality Status of the Albemarle Sound Estuarine System ...	21
Objectives .....	25
The Nature of Trace Elements .....	26
Trace Elements and Health .....	26
Trace Elements in the Estuarine Environment .....	27
Potential Sources of Trace Element Contaminants .....	29
Trace Elements in the Albemarle Sound Estuarine System .....	31
Point and Nonpoint Source Discharges .....	31
Trace Element Contaminants: Problems with Monitoring Water Quality .....	33
<hr/>	
PART C: METHODOLOGY .....	37
Field Sampling .....	39
Delineation of the Albemarle Sound Study Area .....	39
Design and Rationale .....	40
Development of Base Maps .....	43
Acquisition of Sediment Samples .....	43
General Analytical Procedures .....	46
Sediment Analyses .....	49
Sediment Sub-Sampling .....	49
Textural and Compositional Analyses of Sediment .....	49
Chemical Analyses .....	50
Rationale for Extraction Procedure Utilized .....	50
Sample Pre-Treatment .....	53
Extraction Procedures .....	53
Comparison of Extraction Procedures .....	54
ICAPES Analyses .....	56
Control Samples .....	58
Limit of Quantitation and Reproducibility .....	59
Comments on Quality of Analytical Numbers .....	59
AAS Mercury Analyses .....	62
Electrochemical Fluorine Analyses .....	62
